To: Whom it may concern  
Ref: Bob Knight

Letter of recommendation for employment

I have known Bob Knight for almost 15 years and have worked with him as a work associate and have hired him to do out side design for our company.

Bob has a very high work standard and has the background to design anything from NFPA 13D systems to high-rise multi-system projects. His work ethics are of the highest of anyone I have worked with.

When you hand over the project information, Bob has the ability to take charge and ask the pertinent questions of you to do the job most efficiently.

You will find him to be a pleasant personality and a team player.

Projects are designed within budgets and on time.

Please feel free to call me if you have further questions.

Sincerely,

Randy L. Bowron
